Tholos Pendant Installation Instructions

INSTALLATION MUST BE PERFORMED BY A QUALIFIED ELECTRICIAN
PLEASE USE THE FOLLOWING DIAGRAM AND STEPS FOR INSTALLATION

INSTALLATION INSTRUCTIONS:

1. Make sure all power is shut off to the junction box where the fixture will be installed.
2. Secure mounting plate to ceiling and junction box with appropriate hardware and/or anchors per installation requirements. Connect ground wire from mounting plate to junction box ground.
NOTE: Mounting requirements and hardware to be determined and provided by installer.
3. Run the wires from the fixture through the threaded rod and drop stem assembly. Screw threaded rod assembly into fixture.
4. Feed wires from drop stem into canopy and thread canopy onto threaded rod assembly. DO NOT OVERTIGHTEN.
5. Raise and support fixture to ceiling and make A/C electrical connections in junction box with blue wire nuts and tape. Neutral (white) Fixture wire to white A/C wire, Live (black) Fixture wire to black A/C wire.
6. Lift to mounting plate, align eyelets in canopy to key slots in mounting plate, and rotate clockwise $\approx 30^\circ$ into mounting plate. When fully seated, secure using the 6-32 set screw and provided 1/16" hex key.
7. Install light bulb. Note: 25W max bulb.
8. Install Tholos Stone. Remove small blue tape securing spacer from Tholos Fixture (Above Light Bulb). Raise Tholos Stone over bulb and socket. Gently Spin Stone Clockwise threading the Stone onto the fixture. Spin Stone until it is Very Lightly seated. DO NOT OVERTIGHTEN.
